**DETAILED ACTION**

***Response to Amendment***

1. Examiner acknowledges that Applicant's amendment filed 10/31/2005 overcomes all prior rejections and objections. Therefore, the rejections and objections have been withdrawn.

***Allowable Subject Matter***

2. The following is an examiner's statement of reasons for allowance: Claims 1, 12 and 18 are allowable because none of the prior art of record suggests the elements of the lighting head assembly as claimed. Specifically, Independent Claim 1 discloses a lighting head having a non-reflective coating on interior surfaces of a tubular side wall and the optical end of a lighting element that is substantially entirely on the exterior side of the plane of the end wall, wherein light output from said lighting element is directed into an aperture. Independent Claims 12 and 18 disclose a lighting head assembly having an optical end received on an exterior of a receiver sleeve, passing through and illuminating an aperture adjacent to an end wall and not impinging on an interior surface of the end wall and remaining non-illuminated. Claims 3-11, 13-17 and 19-23 are allowed because of their dependency upon independent Claims 1, 12 and 18 respectively.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
